Theory Test Ear Training Instructions

For each question: Pause the audio tracks as needed to allow students time to write their answers.

Question 16: Rhythmic Dictation

1. Read the test question aloud and answer any questions.
2. Have the students point to the blank measure in example one. Explain that this is the measure they will fill in.
3. Explain that each example will be played three times.
4. Establish the tempo and beat by tapping and counting two measures aloud before playing each example.
5. Instruct the students to count along silently. Do not tap or count while playing.
6. Play example one, accenting the first beat of each measure. Pause, giving the students time to write.
7. Play it two more times, saying "again" before each time, pausing between repeats to give students time to check their work.
8. Repeat this procedure with the second example.
